161, 163, 165, 167 AND 169 SIXTH AVENUE, Corner 12th Street

## SPECIAL PRICES

Prevail During This and Next Month.

Anybody patronising my establishment either this or next month will meet with such decided bargains as have never heretofore been offered in the boot and shoe trade. I have started a new departure to recompense those who will purchase during this and next month. No matter even if they do not need shoes for immediate use, they can anticipate their wants, and will be more than amply paid by making their purchases now.

## Alfred J. Cammeyer, SIXTH AVENUE, COR. TWELFTH STREET.

### MAY HAVE LIGHT TO-NIGHT.

But Telegraph and Telephone Service Is Still in Bad Shape.

The city still suffers from the effects of the snowstorm. The telegraph and telephone service is in practically the same condition that it was yesterday. Hundreds of men are work-ing with all their might, but little has been plished towards the restoration of the services to their normal condition.

The ship news wires to Sandy Hook and Quarantine are still down, and the first news that the city gets of an incoming vessel is through the use of a powerful telescope in the Harge Office tower.

Vessels are sighted as they pass through the

Narrows, and this gives barely time for the customs officials and the Emigrant Landing an to reach the docks for the reception of

Bureau to reach the docks for the reception of the passengers from the ships.

Sups: Humstone, of the Western Union Telegraph Company, said that the hundreds of men hastily employed by the Company to straighten out the tangle into which the heavy snowstern had get the Company's lines had done practically nothing more than clear away the debris of fallen poles and danging wires.

"We have but one new line in operation," said the Superintendent, "and that is an unimpersant one, running to Easton, Pa.

"For a radius of seventy-five miles around New York our poles are down and wires scat-

New York our poles are down and wires scat-tered to the four winds of heaven. We have been struggling to accertain first of all what we had got to do. It would be in the nature greening to attempt to say when we shall be perfect working order again or state in rures the damage we have sustained.
"There are lifteen wires working in the

Western service, a gain of tweive since yester The service of the Metropolitan Telephone

and Telegrah Company is still in a badly de-moralized condition. At the general offices is was stated that 300 practical linemen, all that ould be found by the Superintendant, were working hard. They are trying to restore the service in the Cortlandt street district to work-

service in the Cortlands street district to working order, that being the most important
section of the city service.
General Manager Parker said:
"We have had all the men we could get
working night and day, but it is still problematical when we shall be in running order
again. There are 10,000 lines in the city service, and fully 3,700 of them are out of order.
Poles are down and wires broken.
"We have been getting our wire underground as rapidly as the subways have been
expleted.

At JUC.;

Shapler R. Wheeler, the electrical expert of the Board of Electrical Control, is greatly expensed over the order of Mayor Grant, issued to the Police D-partment just before his departure for the South Sunday.

Mayor Grant directed that the electric light companies be prevented from turning the current on their wires until the experts of the Board of Electrical Control shall declare them safe.

At JUC.;

value \$2.00.

STH AVE. & 23D ST

A Piece of William Erhardt's Ear Also Knocked Off.

Heart of Electrical Courci shau deciare them safe.

Bir, Wheeler desired an official interpretation of that order, and was at the City Hall early this morning to see Acting Mayor Arnoid and Commissioner of Puelic Works Gitroy.

In accordance with the arrangement made Mr. Wheeler immediately d-tailed an inspector to report to the General Manager of each of the electric-light companies and examine the circuits foot of foot.

Buch circuits is its desired to get in operation at once are first to be reported on, and many of the highs will probably be shedding their of-clime radiance on the carkened thoroughfares of the city to-night.

Tale system of imspection will continue until all the circuits have been certified as restored and all the is more are relighted.
